CORNELL UNIVERSITY DEAF AWARENESS PROJECT (CUDAP) EXECUTIVE BOARD APPLICATION

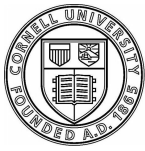

DUE Wednesday April 25th, by Midnight.

Cornell University Deaf Awareness Project (CUDAP) is a student-run program of the Cornell Public Service Center that provides students with opportunities to learn about and participate in raising awareness of the issues facing the Deaf and Hard-of-Hearing community. Our mission has three parts: first, we work to integrate the Deaf and hearing communities. Second, we work to provide an opportunity for students to learn about the Deaf community and American Sign Language (ASL) through meetings, and events, while educating the Cornell campus and the greater Ithaca community to facilitate a better understanding of the Deaf community. Finally, we aim to incorporate an ASL course sequence into the academic curriculum offered by Cornell University during the school-year.

Responsibilities of the CUDAP Board members may include publicity, fundraising, networking with community agencies, refining documentation, and determining the direction of the Board for the future. **CUDAP members should expect to make a commitment of approximately 3 to 5 hours per week, which includes a board meeting, general workshop, and office hours.**

Any current Cornell student is welcome to apply. Successful applicants will be in-training for one semester by shadowing and aiding a current board member.

INSTRUCTIONS: Type your answers to Part I and II of the application and email the entire application to cudap@cornell.edu. Applications can also be submitted in the PSC on the third floor of Kennedy Hall. *Interviews will be held towards the end of April.*
